

Site Alteration Permit

By-law Number 2017-0040

Site Alteration File Number: _____ Date of Application: _____

Permit Fee: \$ _____ Refundable Securities: \$ _____

Address of Site: _____

Name of Owner: _____ Telephone: _____

Address: _____ Postal Code: _____

The undersigned hereby applies for a Site Alteration Permit pursuant to the provisions of the Town of Halton Hills By-law Number 2017-0040.

Pursuant to the Site Alteration By-law, the undersigned hereby acknowledges that the sole responsibility for the completion of the work undertaken as part of this application including compliance with any conditions rests entirely with the Owner and/or Applicant.

Then undersigned also agrees that the total costs of all works will be entirely the responsibility of the Owner.

The undersigned certifies to the Town that any and all Fill used in completing the Site Alteration contains no contaminants within the meaning of the Environmental Protection Act, R.S.O. 1990, c. E.19. The undersigned hereby releases and agrees to indemnify and save harmless the Town, its employees, representatives, agents and contractors from and against all claims, demands, damages, causes of action, costs, expenses and other liabilities of any nature which may arise in the event that the Fill is determined to contain contaminants.

If an agent is being used, the Owner must also complete the following:

Agent's Name: _____ Telephone: _____

Address: _____ Postal Code: _____

I, _____, being the registered Owner of the subject Site(s) hereby authorize _____ to prepare, submit and act on my behalf with respect to this application.

The information is used for the purpose of processing this document. Questions regarding the collection of this information should be directed to Engineering Services at 905-873-2600 ext. 2300.

Site Alteration Permit

By-law Number 2017-0040

Proposed Lot Grading for In-fill Construction Design and Drawing Requirements

Two copies of a lot grading plan, certified as specified below, will be required showing existing elevations of the Site, and sufficient elevations of adjacent properties to indicate existing drainage patterns. All grading plans are to be metric and printed from original drawings with all information legible and clear. All plans are to be folded to 8.5 inches by 11 inches size, with title blocks visible.

On this plan, the proposed building is to be superimposed, indicating the proposed elevations along with any proposals that may be necessary to eliminate potential drainage problems to the subject Site, of any adjacent property. The plan must also show all driveways, sidewalks, walkways, easements and catchbasins along with any other features that may affect the drainage proposal.

All elevations shall be tied into existing Town benchmarks and be related to geodetic data.

A certificate on the drawing, executed by a Professional Engineer, or a Registered Ontario Land Surveyor, should be in the following form:

"I have reviewed plans for the construction of _____ located at _____ and have prepared this plan to indicate the compatibility of the proposal to existing adjacent properties and municipal services. It is my belief that adherence to the proposed grades, as shown, will produce adequate surface drainage and proper facility of the municipal services without any detrimental effect to the existing drainage patterns of adjacent properties."

Signature and Stamp of Applicant's Engineer/Surveyor

Site Alteration Permit
